Mission Priority Examen (MPE)
Outline for Peer Visitor Team Reports

Purpose
The MPE Peer Visitor Report offers each school a collegial, thoughtful reflection by AJCU peers on its Jesuit Mission Priorities. After reading the school’s Self-study and engaging in a campus visit, the Peer Visitor Team provides a written response to the school’s Mission Priorities and planned implementation of them. Often, members of the Peer Team have been chosen because of their expertise in the primary focus areas recommended by the Provincial, in conversation with the President.

This document has been created to offer guidance for members of the Peer Visitor Team who are writing the Peer Report. Matters of fact and opinion contained the draft Report may be amended before this document is finalized, following conversations with the Self-study Chair. Conversely, areas of disagreement may simply be added to the final Peer Visitor Report. Complete information on the Peer Team Visit and MPE process can be found on the Mission Priority Examen (MPE) website.

If you have questions that are not addressed in the outline below or on the MPE website, please contact Dr. Stephanie Russell, AJCU Vice President for Mission Integration.

Format
- Peer Visitor Report length is entirely up to the Peer Team, but brief and clear reports are preferred. Reports should use easily readable fonts (i.e., 11 or 12-point fonts; double or 1.5 spacing) and margins.
